

# Designing a Regional D/HH Support Network

## Background

Stakeholder Group met 02-03

Air Report to KBE Plan

Report on Caveland website

75+ students  
12 cert teachers  
3 emergency cert.

Professional Development is a major need

Region is rural and incidence is low – networking is difficult

8 of 30 districts have certified teachers

10 districts have identified HI students but no certified teachers

Increase of students with cochlear implants

We have KSD outreach staff assigned to our region

We have some resources that are not well known

## Overall Purpose

Provide opportunity for networking

Develop & Implement PD Plan

Identify and share available resources

## Purpose of this Session

Establish relationships for networking

Identify Needs of Service Providers

Begin to dev. plan to meet IDed needs

## Non-Purpose of this Session

To discuss individual students

To air grievances

To evaluate districts

To expect immediate results

## Professional Development Needs

PD for SLPs  
↓  
Lang Strat. For signers

Lang. Dev align with CC

AT Trade show

Subject specific PD for DHH teachers

ALD for demo (phones, clocks, papers)

Modifying CC/POS for D/HH

PD on Amplification

SPICE Curriculum

Cochlear Implant

Fairview

Orientation for reg ed et

ASL and English

Child find checklist for mild losses

Legal issues with families

Clerc Ctr on Literacy Curr.

## Resource Needs

System for sharing equip.

Resource manual for Reg 2

Local lending program of materials

Develop list of materials to share

CI Mapping resources

ED Audiologist

## Networking Needs

Include Commission Personnel

Share resource list electronically

Classroom Visitation Exchange

Webpage for DHH on coop sites

Email Communication

KSD visitors to meetings

Network with students

Need more participation
