

CIITS: Professional Learning Lab

GRREC is pleased to host a one-day training to familiarize participants with CIITS as it relates to PPGES and TPGES CIITS documentation. Superintendents, principals, and teacher leaders will focus on self-reflection, professional growth plans, and caseload data in a hands-on, actively engaged working session.

Participants should bring laptops and PGES caseload lists.

Caseload Examples: Superintendent: list of principals to observe

Principals: list of teachers to observe

Teacher Leaders: list of peers to observe

Participants will be provided with the support needed to ensure a head start on PGES CIITS requirements which will save time as the school year progresses. Participants will work in CIITS to complete caseloads for the 2014-2015 school year, as well as actively engage in completing their self-reflection and professional growth plan. Participants will also benefit from collaborating with fellow participants as they navigate CIITS. Facilitators will guide them in activities where they will gain a deeper understanding of CIITS and prepare them for successfully entering PGES data.

Cathy White, EDS Program Manager, and GRREC Instructional Specialists will provide this training for superintendents, principals, and teacher leaders.
