

## **Kagan Cooperative Learning: Structuring for Active Engagement**

### **March 28-29 and June 22-24, 2016**

**GRREC Office & Training Facility • 230 Technology Way • Bowling Green, Kentucky**

GRREC is pleased to present *Kagan Cooperative Learning: Structuring for Active Engagement* for special education and general education teachers and school administrators at all grade levels.

- Create full student engagement with Kagan Structures—simple, yet powerful, cooperative learning instructional strategies.
- Transform your teaching and student learning with strategies supported by a large body of scientific research, and proven effective in countless classrooms, schools, and districts.
- Learn how easy it is to use teamwork and pairs to create a greater level of engagement than you imagined possible to engage ALL students, even your reluctant learners.
- Reduce discipline problems by using cooperative learning strategies that engage all students.
- Improve students' social skill development through use of structures that are cooperative and interactive.

Learn easy ways to use Kagan Structures as a part of every lesson, creating greater engagement, deeper understanding of the content, improved retention, and greater liking for class and content. Kagan will give you the Seven Keys to unlock the door to successful cooperative learning. If you want more fun in teaching, highly engaged students who love your classroom, and elevated test scores, this workshop is for you!

**Dr. Daren Harris** has been in public education for 25 years. He has taught every grade level K–12 and has been involved in secondary administration for the past 12 years. Dr. Harris is currently serving as principal of Republic High School in Republic, Missouri. A major accomplishment in his career was assisting in the planning and oversight of a new Republic High School, which opened in January of 2010, and currently has 1350 students in grades 9–12. Dr. Harris was first introduced to Kagan Cooperative Learning while teaching fourth and fifth grade students and witnessed the immediate benefits the structures provided in all content areas. He was formally trained in cooperative learning in 2010 and consistently uses Kagan Structures in professional dialogue sessions with his fellow educators. Dr. Harris completed his undergraduate degree at Missouri State University and earned a doctorate in educational leadership and policy analysis from the University of Missouri-Columbia in 2011.
