DATES

# Literacy Design Collaborative Module Workshop

*Presented by: Kelly Philbeck, KDE LDC Instructional Specialist*

Come join the expanding group of classroom teachers working through The Literacy Design Collaborative (LDC). Teachers across the state and nation are working together through a shared framework to build tasks and instructional modules that meet the cognitive demands of content literacy standards. LDC modules offer a new way for teachers to create robust tasks aligned with grade level content standards for use in K-12 classrooms. The LDC Framework provides teachers a balance of guidance when implementing the instructional shifts and demands of content and literacy standards. The process intentionally provides ongoing opportunities for teachers to make decisions to adjust content and instructional strategies based upon student needs.

**Please join us on February 23 and March 17, 2016 for a two day workshop:**

➤ ***Introduction to LDC***

This module workshop is designed for participants who want to...

- learn about LDC Task Template Collection 3.0.
- learn about LDC tasks and how to use them in classroom instruction.
- learn how the skills clusters and mini-tasks in an LDC module can enhance content literacy instruction.
- design content literacy tasks, mini-tasks and instruction for an upcoming unit.
- learn how to effectively utilize LDC CoreTools module library and mini-task library.

## **Dates, times, and locations:**

**8:30-3:30 Central**

***Introduction to LDC  
Two Day Module Workshop***

**Green River Regional Educational Cooperative  
230 Technology Way, Bowling Green, KY**

**Register at:**

*Registration for this session is **FREE!***

<http://www.grrec.ky.gov/workshop/ldc>

Participants should bring content/texts for a unit of study they would like to use with an LDC module, access to content standards, and a fully charged tablet/laptop.
