

SCM Recertification for Trainers

June 13-14, 2016

8:30 a.m. to 3:30 p.m. (CDT)

Workshop #098-16

Mariah's Restaurant Conference Room • 360 E 8th Avenue • Bowling Green, KY 42101

Safe Crisis Management® "SCM" is a comprehensive training program focused on preventing and managing crisis events, and improving safety in schools. Safe Crisis Management has a trauma-sensitive approach with emphasis on building positive relationships with individuals. Our program is designed to assist staff with responding to the needs of all individuals and particularly with the needs of the most challenging. SCM is consistent with positive behavior strategies and integrates Function-Based Behavior Support planning into the curriculum.

Since 1982, JKM Training, Inc. has provided a comprehensive continuum of prevention, de-escalation and safe emergency intervention strategies for responding to aggressive behavior in social service agencies and schools. Whether you are working with oppositional and defiant individuals or emotionally disruptive individuals, SCM provides staff with a capacity to prevent or safely respond to dangerous situations.

Learning Targets:

- Participants must have successfully completed a SCM Staff Training Program (Initial or Refresher) within the last calendar year.
- All SCM theory will be reviewed.
- All SCM Emergency Safety Physical Interventions that your organization utilizes will be reviewed.
- Participants must pass a written and physical skills test (minimum 85% proficiency required in both areas) in order to use SCM. JKM Training, Inc. requires annual testing. Organizations are responsible to comply with any additional federal or state testing requirements.
