The Visible Learning^{plus} model of school change is based on the world's most powerful research on student achievement.

During this Institute, participants will learn:

- The key philosophy of Visible Learning and the major factors that influence student learning and achievement
- The importance of effect sizes as a useful way to measure progress
- The key characteristics of assessment-capable learners (students who can answer: Where am I going? How am I going? Where to next?)
- The mind frames leaders need to have in order to impact student achievement and instruction
- The role of feedback
- The importance of learning intentions and success criteria
