

***Visible Learning
Foundation Series***
Presented by Ainsley Rose

Ainsley Rose recently retired after 35 years in public education. As the former director of curriculum and instruction for the Western Quebec School Board in Gatineau, Quebec, Ainsley was responsible for initiating many systemic changes that continue to impact teaching and learning within the school board today.

With experience as an elementary and secondary classroom teacher and principal, as well as an instructor of graduate-level courses for administrators and pre-service teachers, Ainsley shares perspectives that resonate with all educators. He is also a published author, keynote presenter, and facilitator. His presentations deliver practical school improvement strategies that work at every level, from within the classroom to district-wide support.

About the Presentation:

The Visible Learning Plus program includes a three-part foundational series of seminars in which participants learn about Hattie's work and the Visible Learning approach, gather data to assess their school's progress toward becoming a Visible Learning school, and devise a plan for moving forward.

Who Should Attend

All classroom teachers, administrators, and central office personnel
